Purchasing Note: If you use platforms for which custom installation is required, please contact us.

\*Single Research Group license is defined as follows:

- License will be for all members of one research group
- A research group consists of a single designated research group leader and colleagues working under his/her direct supervision.

To be eligible for the academic discount, the following criteria must be satisfied:

- Licensee must be a full time employee or student of an academic institution;
- BrianQC must be intended either for use by employees of licensee's own academic institution or collaborating academics who are also employees of an academic institution;
- For licensing purposes, an academic institution is defined as a degree-granting institution.

**Two-Group License for Academia:**

- License will be for all members of two research groups (see single research group definition above) at an academic institution.
- Pricing for a Two-Group license shall be **150%** of the listed license pricing.

**Departmental or Site License for Academia:**

- License will be for all members of research groups within a single Department at an academic institution.
- Pricing for a Departmental license shall be **200%** of the listed license pricing.

**Two-Group, Departmental and Site License for Government or Industry:**

- License will be for all members of two research groups (see single research group definition above) at an academic institution.
- Pricing for a Site license shall be **150%** of the listed license pricing.

**Additional Pricing Information:**

- There will be a 30% charge for each additional geographic location.
- If a license for an entire university is desired, please contact us for site license pricing.

**SITE LICENSING AND SUPERCOMPUTER CENTERS**

Site licenses are available for multiple research groups, entire departments or all employees of the purchasing institution (one geographic site only). In the case of **Academia** a site license is the **200%** of a single research group price. In the case of **Industry** and **Governmental** usage it is **150%** of the single research group price.

There will be an additional 30% charge for each additional geographic location. For pricing for site licenses and supercomputer centers, please contact us.

## UPGRADES

Upgrade pricing is available to upgrade to a version within a single major version of the latest version purchased. This upgrade price is discounted 40% off the regular advertised price.

## BMP (BRIANQC MAINTENANCE PLAN): TO KEEP BRIANQC UP-TO-DATE

Our BMP program provides continuous upgrades and technical support during the coverage year. Customers annually pay 28% of the current purchase price to be enrolled into the annual maintenance program which includes any upgrades that occur during the coverage period, along with full technical support. Major upgrades are scheduled to occur every 9 - 12 months and cost 60% of the current license price for customers who are not enrolled in our Annual BMP program. For customers wishing to make long-range maintenance plans, by paying 90% of the purchase price at the time of license purchase, customers will be entitled to all upgrades through the end of the current generation.

## TERMS AND CONDITIONS

All prices are subject to change without notice. The customer is responsible for all local, state, federal, sales, custom or import taxes or duties. Wire transfers must be for the full amount. Any bank charges or other fees must be paid directly to the originating institution by the customer.
